Before OneGoal, I had a really hard time deciding what I wanted to do with my future. OneGoal has really given me the opportunity to go to new schools, meet new people, and figure it out. Now, I’ve decided that I’m gonna go into mass communications and I’m going to be attending Texas State.”

As district leaders, we wear so many hats. It's hard to really know what we need to be doing and do it with fidelity. OneGoal guides us and helps us create plans to get our kids ready for the world after high school. Our coach helps us with our vision and mission statement to create a common goal; what we want to see for all of our kids.”
