We support students to find the postsecondary pathway that best fits their needs, values, and financial circumstances.

Spotlight ↘

Alhussane

OneGoal Fellow // Year 2
West Bronx Academy for the Future

As Alhussane prepares for life after high school, OneGoal provides a trusted space to talk about the pressures of college prep, offering support and encouragement.

“Having a guardian angel throughout postsecondary endeavors is really beneficial for your mental health. At the end of the day, we’re fresh out of high school and we’re often scared of what college entails.”

Now, Alhussane is excited to receive his admission letters, attend college far from home, and pursue his goals.

Nathaniel

OneGoal Fellow // Year 2
West Bronx Academy for the Future

Nathaniel relies on his OneGoal teacher for guidance through personal challenges and his college journey.

“My favorite part of the OneGoal experience has to be my mentor. He’s a teacher, but also to me, he is like a mentor.”

Through OneGoal, Nathaniel gained clarity about his future, discovered a passion for law enforcement, and narrowed down his college options to identify a community where he can thrive.

“They help you. They support you a lot.”

Mrs. Tasha Revels

OneGoal Program Director
// 7 years

“My favorite part of working with OneGoal is being part of a community that has one goal in mind. It makes it easier to identify that goal, keep up with it, and ultimately reach it.”

Tasha also values the support she receives from OneGoal and “that there is someone there when I need them.”

Tasha recommends OneGoal to other teachers because “it gives you an opportunity to be exposed to something new, and to build relationships with students in a different manner.”

Thank you for making our work possible.
